PD 360°
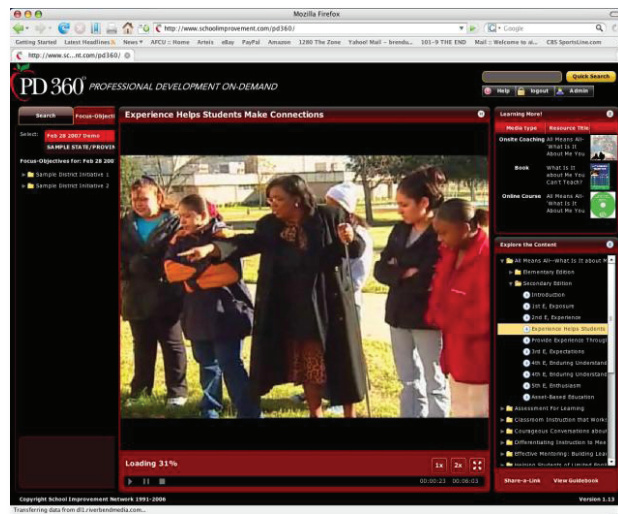

The Leader in On-Demand professional Development

PD 360™, the on-demand resource from the School Improvement Network, puts the best, research-based professional development at the fingertips of every teacher and administrator. Created at the request of educators across the country, PD 360 is designed to make professional learning more convenient and effective.

PD 360 is an on-demand library of Video Journal of Education programs, broken into hundreds of fully indexed and searchable video segments. PD 360 allows teachers to search for instant answers whenever it is convenient for them. With follow-up and reflection tools, PD 360 promotes classroom implementation of professional learning. Group training materials keep professional learning communities focused on best practices, and integrated tracking and reporting ensure increased accountability. You can even customize PD 360 to support your state, system, and school standards.

PD 360: More Effective Professional Development for Every Educator

Teachers:
- Teachers can instantly find individualized support with hundreds of searchable video segments.
- Put all the top experts at teachers' fingertips—no more waiting for a workshop!
- Show teachers what effective instruction actually looks like with over 1,000 real best-practice classroom examples from urban, suburban, and rural schools across North America.
- Support teachers in classroom implementation with automated reflection and follow-up questions.

Coaches, Mentors, and Content Specialists:
- Coaches can provide ongoing follow-up by emailing teachers video segments that address their needs.
- With over 1,000 classroom examples, PD 360 is an instantly accessible modeling resource.

Administrators:
- Save money with PD 360, which costs less than traditional options and can be purchased with a variety of funding sources.
- Ensure professional development happens consistently with integrated tracking and reporting.
- Focus on what matters most by customizing PD 360 with your state, system, and school standards.
- Access leadership training and stay current on best teaching practices.

Professional Learning Communities:
- PLCs and other training groups can stay focused on research-based best practices with PD 360's included support materials.
- Training facilitators can use PD 360's digitized Facilitator Guides to easily prepare training sessions.

PD 360 currently includes 70 best-selling *Video Journal of Education* programs divided into nearly 700 searchable segments. New content is continually added to PD 360 to give you the most current, complete, and accessible professional development library available.
