Vacancy

Technology Construction Crew Member

Location: Based at KEDC – will travel on-site to School Districts across Kentucky

Details: Technology Construction Crew Member needed to install Category 6 copper, coax, CCTV, and fiber optic cabling in school districts across Kentucky. Duties include working with a Team Leader to install, terminate, and test Ethernet network cabling, coax video cabling, fiber optic data and voice backbones within a school building, and aerial or underground fiber optic data and voice backbones between school buildings. Position requires good communication and interpersonal skills.

Experience with the following is a plus:

- Outside plant construction of fiber optic backbones
- Basic electrical installation and repair;
- Testing with a Fluke DTX-1800;
- Testing with a Sedelco Video Max;
- Testing with a Digital VOM;
- Good computer skills;
- Working knowledge of Microsoft Office.

Overnight Travel Monday thru Thursday (4 – 10 hour days) is required. Occasional overtime is necessary. KEDC provides tools, transportation, motel accommodations, and a meal allowance.

Salary: Commensurate with experience and qualifications

Closing Date: Open until position is filled
